

As a NJ resident I have truly appreciated the "do not call" act and the fact that we can sit home in piece without having our phone ring off the hook with solicitations. Prior to this law, we received numerous phone calls daily starting at 8 am, picking up substantially at lunch and dinner time, and continuing until about 9 pm at night. Please do not weaken the law. If those businesses want to get in touch with me, they are more than welcome to send me something in writing. Thank you for your consideration.
